Licence Terms and Conditions

9 September 2020

Bra Miljöval

GENERAL TERMS AND CONDITIONS

01.03.2018

Precedence

This is a translation of the Swedish terms and conditions. If there is uncertainty as to how a specific provision shall be interpreted, the original Swedish version always prevails.

1 Definitions

Application: The Licence Holder's application for a Licence, completed using the application form specified by the Swedish Society for Nature Conservation.

Application Fee: The fee that the Licence Holder shall pay to the Swedish Society for Nature Conservation for the Application to be considered.

Good Environmental Choice: A collective term for the distinctive marks that may be used and the references that may be made under the Licence issued, consisting of the Swedish Society for Nature Conservation's distinctive marks: the Bra Miljöval label, the words Bra Miljöval and Good Environmental Choice, and information about the environmental work of the Swedish Society for Nature Conservation and the Product's compliance with the Criteria.

Instructions: The Swedish Society for Nature Conservation's requirements for Inspections.

Inspection: The annual inspection that shall be carried out to check the Licence Holder's compliance with the Licence Terms and Conditions.

Criteria: The criteria determined by the Swedish Society for Nature Conservation that the Product must satisfy for a Licence to be granted and retained.

Licence: The Licence Holder's non-exclusive right to use Good Environmental Choice in its business operation in accordance with the Licence Terms and Conditions.

Licence Fee: The fee that the Licence Holder shall pay to the Swedish Society for Nature Conservation for the Licence.

Licence Holder: The party applying for a Licence and whose contact details are stated in the Application.

Licence Term: The period that runs from when the Licence is granted until the Licence ceases to apply in accordance with the Licence Terms and Conditions.

Licence Terms and Conditions: The terms and conditions, comprising these General Terms and Conditions and Special Terms and Conditions, as well as associated appendices, such as the Application, Criteria, Use of the Good Environmental Choice eco-label (logo), etc., which govern how the Licence Holder shall apply for a Licence and how the Licence may be used.

Good Environmental Choice Label: The figurative marks which are included in Good Environmental Choice, the current design for which is shown in Use of the Good Environmental Choice eco-label (logo).

The Product: The goods, service or operations stipulated in the Application and for which the Licence Holder is applying for a Licence.

Special Terms and Conditions: Special rules adapted to the respective product category. The definitions in these General Terms and Conditions apply to the Licence Terms and Conditions and can be used in both the singular and plural without any effect on the meanings according to the above.

2 The rights to Good Environmental Choice

By submitting the Application, the Licence Holder acknowledges that the Swedish Society for Nature Conservation has exclusive rights to Good Environmental Choice. Furthermore, the Licence Holder undertakes not to contest, directly or indirectly, the Swedish Society for Nature Conservation's exclusive rights to Good Environmental Choice during the Licence Term or after the expiry of the Licence Term.

3 Consideration and granting of a Licence

- 3.1. An Application may only relate to one Product.
- 3.2. The Swedish Society for Nature Conservation will grant the Licence Holder a Licence for the specified Product, provided the Licence Holder:
- a) has correctly submitted the Application to the Swedish Society for Nature Conservation and thereby accepted the Licence Terms and Conditions,
 - b) pays the Application Fee to the Swedish Society for Nature Conservation in accordance with the provisions contained in the Special Terms and Conditions, and
 - c) demonstrates that the Product complies with the requirements according to the Criteria.
- 3.3. If a Licence has been granted, the Swedish Society for Nature Conservation shall, within a reasonable time, publish details of the granted Licence in a register that is available to the public.
- 3.4. The Swedish Society for Nature Conservation reserves the right, notwithstanding the provisions contained in sub-clause 3.2, to refuse to grant a Licence if the Licence Holder:
- a) provides incorrect or incomplete information to the Swedish Society for Nature Conservation in, or in conjunction with, the Application;
 - b) has been sentenced for an environmental offence or is the subject of an investigation or proceedings concerning a possible environmental offence;
 - c) has implemented a marketing measure using environmental arguments resulting in a conviction in the Patent and Market Courts or a critical statement from the Swedish Advertising Ombudsman (Stiftelsen Reklamombudsmannen);
 - d) in its business operation has used Good Environmental Choice or other references to the Swedish Society for Nature Conservation in violation of applicable law;
 - e) has held, or holds, a Licence and has breached the Licence Terms and Conditions applicable from time to time; or
 - f) is a group company in a parent and subsidiary relationship according to the Swedish Companies Act (2005:551), and one of the companies in the group has been refused a Licence, or if there is any reason as to why they may be refused a Licence according to this sub-clause 3.4.
- 3.5. If the Swedish Society for Nature Conservation does not grant a Licence to the Licence Holder on the grounds of deficiencies referred to in

sub-clause 3.2 or sub-clause 3.4 a), the Licence Holder has thirty (30) days within which to rectify the situation following a written request to do so by the Swedish Society for Nature Conservation. If corrective action is not taken within this period, a Licence will not be granted.

- 3.6. Irrespective of what is stated above, the Swedish Society for Nature Conservation reserves the right to refuse to grant a Licence for any Product that contravenes the work and policy of the Swedish Society for Nature Conservation.
- 3.7. In accordance with the provisions of clause 20 below, the Licence Holder is entitled to request a re-examination of a decision by the Swedish Society for Nature Conservation not to grant a Licence.
- 3.8. The Application Fee is a one-off fee which passes to the Swedish Society for Nature Conservation and which is not repaid to the Licence Holder, even if it withdraws its Application or if a Licence is not granted.
- 3.9. The Swedish Society for Nature Conservation is entitled, at its own expense, to conduct inspections at the Licence Holder's premises to check the Product's compliance with the Licence Terms and Conditions. The right to perform such an inspection shall continue to apply for two (2) years after the end of the Licence Term, unless there is manifestly no need for an inspection.

4 Licence Fee

The Licence Holder shall pay the fees, including the Application Fee and the Licence Fee, to the Swedish Society for Nature Conservation in accordance with the Special Terms and Conditions.

5 Qualitative requirements

The Licence Holder shall:

- a) comply with applicable legislation and official requirements,
- b) ensure that the Product at all times satisfies the requirements contained in the Criteria,
- c) document any changes or events within the Licence Holder's operation or regarding the Product that are or may be of importance for the Licence. In the event of such a change, and prior to the change being implemented, the Licence Holder shall without delay notify the Swedish Society for Nature Conservation in writing of the nature of the change,
- d) at its own expense, provide information and implement the measures required by the Swedish Society for Nature Conservation to ensure that the Licence Holder complies with the Licence Terms and Conditions, including any

certificate from an auditor, an environmental auditor or other party, in accordance with the provisions on Inspection below, and

e) be responsible for ensuring that subcontractors, or other third parties engaged, observe the Licence Terms and Conditions in those respects that are relevant for the Licence. The Licence Holder shall report to the Swedish Society for Nature Conservation any changes or events which occur at an engaged subcontractor that are or may be of importance for the Licence.

6 Licence, reproduction of the Good Environmental Choice label and marketing rules

6.1. After the Licence is granted the Licence Holder is entitled, in compliance with the Licence Terms and Conditions, to use Good Environmental Choice and references to it for the purposes of marketing and selling the Product.

6.2. The Good Environmental Choice label shall be reproduced as depicted in the applicable rules for Use of the Good Environmental Choice eco-label (logo) published by the Swedish Society for Nature Conservation. The design of the Good Environmental Choice label may not in any way be changed or distorted. Furthermore, no additional text or symbols may be added to the Good Environmental Choice label or be placed immediately next to it.

6.3. The Good Environmental Choice label shall be placed in a clearly visible and appropriate position so that it is obvious what the labelling refers to.

6.4. The Licence Holder is responsible for ensuring that:

a) the area of the Good Environmental Choice label is not less than two (2) % of the area of the printing surface, and

b) all text in, or adjoining, the Good Environmental Choice label is reproduced in such a format that even the small print text is legible under normal reading conditions.

However, exceptions from the provisions contained in sub-clause 6.4 may be granted for the use of the Good Environmental Choice label on very small or very large packages, tickets, signs or the like.

6.5. The Licence Holder shall in connection with all marketing and sales of the Product, ensure that:

a) the Product is labelled with the Good Environmental Choice label and that the Good Environmental Choice name is only used and referred to in accordance with the Licence Terms and Conditions. The Licence Holder must also ensure that any third party, such as but not limited to retailers or subcontractors, uses the

Good Environmental Choice label in accordance with all the applicable Licence Terms and Conditions,

b) the Product is otherwise marketed or sold only under the product name or the designation that is covered by the Licence,

c) marketing or sales do not give the impression of relating to products or such part of the Licence Holder's operation that is not covered by the Licence,

d) marketing or sales do not give the impression that the Product does not comply with the relevant Criteria,

e) marketing or sales do not contravene the objectives or policy of the Swedish Society for Nature Conservation or the provisions of applicable law, and

f) other expressions, symbols or labels that refer to the Product's environmental qualities satisfy the following requirements:

- cannot be confused with Good Environmental Choice,
- are administered by an independent environmental labelling body,
- are based on relevant environmental criteria that are available to the public and predetermined, and
- are directly relevant to the Product and the Product's market.

6.6. All information about, or references to, Good Environmental Choice on the Product, in marketing material, catalogues, product samples, etc. shall be compatible with the Swedish Society for Nature Conservation's guidelines applicable at any time.

7 Inspection

7.1. Unless otherwise stated in the Special Terms and Conditions, the Licence Holder shall voluntarily carry out an annual inspection of the Product's compliance with the Licence Terms and Conditions, and report the results to the Swedish Society for Nature Conservation. The Inspection shall be carried out in accordance with the Instructions of the Swedish Society for Nature Conservation. The Inspection shall be examined and approved in writing by the Licence Holder's authorized signatory, auditor, environmental auditor or other party in accordance with the Instructions and be submitted within the time specified in the Instructions. The Licence Holder will be informed of the Instructions no later than three (3) months before the final date for the Inspection.

7.2. The Licence Holder is responsible for ensuring that:

a) the Inspection covers those parts of the Licence Holder's operation that are affected by

the provisions contained in the Licence Terms and Conditions,

b) copies of the Application, the Licence Terms and Conditions and the Licence are stored together, readily available at the Licence Holder's premises,

c) an Inspection can be conducted at subcontractors, regarding everything of importance for the Licence, and

d) the Licence Holder has financial systems and routines in such good order that it is possible to verify that the provisions in the Licence Terms and Conditions are being observed.

7.3. In the event of a delayed Inspection, a late fee is charged of one thousand Swedish kronor (SEK 1,000) per week commenced.

7.4. Where an Inspection in accordance with the Instructions must be examined and approved in writing by an auditor, the auditor must be a member of FAR (the Institute for the Accountancy Profession in Sweden) and an authorized public accountant. An approved public accountant without the examination of professional competence may only be engaged in those cases where the legislator has approved this for the Licence Holder's ordinary bookkeeping.

7.5. If the Licence Holder is registered in a country other than Sweden, the auditor/audit firm shall comply with that country's legislation.

7.6. The provisions contained in this clause 7 shall continue to apply for two (2) years after the end of the Licence Term, unless there is manifestly no need for an Inspection.

8 Licence Term

The Licence shall apply indefinitely, though at most up to and including the end of the term of validity for the Criteria.

9 Termination of the Licence

9.1. The Licence Holder is entitled, in compliance with the provisions in this clause, to give written notice of termination of the Licence at any time to the Swedish Society for Nature Conservation. The notice period for termination of the Licence by the Licence Holder is six (6) months calculated from the date on which the notice of termination is received by the Swedish Society for Nature Conservation.

9.2. The Swedish Society for Nature Conservation is entitled to terminate the Licence if:

a) the Criteria or material parts of the Licence Terms and Conditions are revised;

b) limitations for products subject to criteria assessment are changed with the consequence

that the Product no longer belongs to any group that is subject to criteria assessment;

c) ecolabelling activities for the product group to which the Product belongs are brought to an end;

d) it transpires that according to new scientific information the Product no longer meets the requirements that the Swedish Society for Nature Conservation imposes in the Criteria; or

e) it becomes evident that the Product contravenes the Swedish Society for Nature Conservation's work and policy.

9.3. Termination of the Licence by the Swedish Society for Nature Conservation in accordance with sub-clause 9.2 above shall be in writing and shall be sent to the Licence Holder's last notified address. The notice period for termination of the Licence by the Swedish Society for Nature Conservation is a minimum of six (6) months from the end of the month immediately after the notice of termination is received by the Licence Holder.

9.4. If the Swedish Society for Nature Conservation terminates the Licence in accordance with sub-clause 9.2 d), the Licence Holder is entitled to a period of thirty (30) days to submit amendments and have the Product re-examined free of charge. If the Product is approved on re-examination, the notice of termination shall be without effect.

9.5. In accordance with the provisions of clause 20 below, the Licence Holder is entitled to request a re-examination of a decision by the Swedish Society for Nature Conservation to terminate the Licence under this clause.

9.6. If the Licence is terminated according to clause 9, the Licence Holder shall pay the Licence Fee during the notice period for termination, irrespective of which party is terminating the Licence. The Licence Fee shall be finally settled through a subsequent Inspection.

10 Notice of termination with immediate effect

10.1. The Swedish Society for Nature Conservation is entitled to terminate the Licence with immediate effect if:

a) the Licence Holder or a subcontractor engaged by it materially breaches the Licence Terms and Conditions;

b) the Licence Holder is declared or applies to be declared bankrupt, enters into liquidation, initiates composition negotiations or if the Licence Holder is otherwise insolvent; or

c) the performance of the contract by the parties is essentially impeded during a consecutive period of more than two (2) months as a conse-

quence of circumstances referred to in sub-clause 16.6 below.

- 10.2. In the event of notice of termination in accordance with sub-clause 10.1 a) and b), all Licence Fees paid shall pass to the Swedish Society for Nature Conservation. The Licence Holder shall also pay any outstanding Licence Fees that are determined during a subsequent Inspection.
- 10.3. In accordance with the provisions of clause 20 below, the Licence Holder is entitled to request a re-examination of a decision by the Swedish Society for Nature Conservation to terminate the Licence under this clause.

11 Prohibition on use after the Licence Term

After the end of the Licence Term, the Licence Holder may not use or refer to Good Environmental Choice without the written consent of the Swedish Society for Nature Conservation. This means, among other things, that Good Environmental Choice may neither be used nor referred to in marketing, sales or distribution of the Product, nor may the Licence Holder in any other way disseminate the Product or information material, such as brochures, websites or media advertising, while using or referring to Good Environmental Choice, without the written permission of the Swedish Society for Nature Conservation.

12 Publication of notice of termination of Licence

Following notice of termination of the Licence, the Swedish Society for Nature Conservation is entitled to announce that the Licence Holder is no longer entitled to use Good Environmental Choice. If notice of termination of the Licence is given in accordance with sub-clause 10 a) or b), the Swedish Society for Nature Conservation is entitled to reasonable compensation from the Licence Holder for this announcement.

13 Amendments

- 13.1. The Swedish Society for Nature Conservation reserves the right to correct or amend these Licence Terms and Conditions and the fees that shall be paid in accordance with the Special Terms and Condition at any time.
- 13.2. The Swedish Society for Nature Conservation shall in good time and no later than six (6) months in advance give the Licence Holder written notice of the amendments in order for the amendments in question to apply between the parties.

13.3. Applicable terms and conditions can be accessed through the Swedish Society for Nature Conservation's website.

13.4. In addition to the provision in sub-clause 13.1, the Swedish Society for Nature Conservation is also entitled to adjust the Criteria in order to implement minor concessions and clarifications. The Swedish Society for Nature Conservation shall ensure that applicable Criteria are available on the Swedish Society for Nature Conservation's website and that the adjustments to this section enter into force when they are published on the website

14 Damages

A party that breaches a provision of the Licence Terms and Conditions shall, subject to a reservation for the provisions regarding limitation of liability contained in clause 16, compensate the injured party for all damage that has arisen.

15 Penalties

If the Licence Holder uses Good Environmental Choice in violation of the Licence Terms and Conditions, the Licence Holder shall pay to the Swedish Society for Nature Conservation, in addition to damages and compensation for any trademark infringement, a penalty of ten thousand Swedish kronor (SEK 10,000) per week commenced during which the infringement occurs. This clause 15 shall apply between the parties (1) following receipt of the Application, regardless of whether the Application is withdrawn or the Licence is otherwise not granted, (2) during the Licence Term, and (3) after expiry of the Licence. Where the Swedish Society for Nature Conservation is able to provide proof that the damage caused exceeds the penalty amount, the Swedish Society for Nature Conservation shall be entitled to lodge a claim for the higher amount, notwithstanding the penalty provision above.

16 Limitation of Liability

- 16.1. The Swedish Society for Nature Conservation is only liable for a breach of contract caused by gross negligence or intent on the part of the Swedish Society for Nature Conservation.
- 16.2. The Swedish Society for Nature Conservation is not liable for errors or omissions that are of no significance to the Licence or that do not involve anything except minor inconvenience to the Licence Holder.
- 16.3. The Swedish Society for Nature Conservation is not liable under any circumstances for errors caused by incorrect information from the Licence Holder.
- 16.4. The Swedish Society for Nature Conservation is not liable under any circumstances for the

Product that the Licence Holder or its subcontractors produce, market or sell with Good Environmental Choice. It is incumbent on the Licence Holder to indemnify the Swedish Society for Nature Conservation against claims from a third party in this respect.

- 16.5. The Swedish Society for Nature Conservation's liability for damages shall never exceed what the Swedish Society for Nature Conservation has received for the Licence.
- 16.6. If performance of any of the parties' obligations in accordance with the Licence Terms and Conditions is impeded by unforeseen circumstances outside the control of the parties, such as significant industrial conflict, war, large scale mobilisation or military call-up, requisition, currency restrictions, riot, civil commotion, limitations as regards fuel, general shortage of transport, goods, energy or faults or delays in deliveries by subcontractors owing to circumstances such as those stated here, then deviation from the Licence Terms and Conditions owing to such unforeseen occurrence comprises grounds of release from liability to pay compensation and other sanctions in accordance with the Licence Terms and Conditions.
- 16.7. Any party that cites circumstances in accordance with sub-clause 16.6 shall immediately and in writing notify the other party of the above-mentioned occurrence and its cessation.

17 General

- 17.1. The Licence Terms and Conditions constitute the complete regulation between the parties regarding the issues governed by the Licence Terms and Conditions. No other provisions, terms and conditions or amendments to terms and conditions shall be applied between the parties unless agreed in writing between the parties.
- 17.2. To the extent that it transpires that there are conflicting clauses or regulations within the Licence Terms and Conditions and contracts later prepared, the latter contract shall be given priority of interpretation.
- 17.3. If any terms and conditions or parts of terms and conditions contained in the Licence Terms and Conditions are adjudged by a competent court to be invalid or unenforceable, the term and condition concerned shall continue to apply subject to such adjustments as the party that has benefited from the adjudication of the court can reasonably request. This party shall direct the other party to apply the adjusted term and condition fully. Invalid or unenforceable terms and conditions do not affect the validity or applicability of other terms and conditions contained in the Licence Terms and Conditions.
- 17.4. All fees that shall be paid to the Swedish Society for Nature Conservation in accordance with the Licence Terms and Conditions are specified as the total amount payable, as the Swedish Society for Nature Conservation is not liable for value-added tax (VAT).
- 17.5. Payment terms for all invoices from the Swedish Society for Nature Conservation are twenty (20) days net, or a longer period if specified by the Swedish Society for Nature Conservation on any invoice. In the event of failure to pay, interest is payable in accordance with Section 6 of the Interest Act until such time as full payment has been made.
- 17.6. All headings in the Licence Terms and Conditions are only given with the purpose of facilitating reading and shall not in any way affect the interpretation of the provisions contained in the Licence Terms and Conditions.
- 17.7. Failure of the Swedish Society for Nature Conservation to claim its rights under the Licence Terms and Conditions does not constitute a waiver of said rights, but they shall continue in full force and effect.
- 17.8. Information that has been submitted to the Swedish Society for Nature Conservation in conjunction with the Application and during the Licence Term is not subject to a confidentiality requirement and shall not be regarded as a business secret under the Act on the Protection of Trade Secrets (1990:409), unless otherwise agreed in writing between the parties.
- 17.9. "Year", "month" and "week" in the Licence Terms and Conditions mean calendar year, calendar month and calendar week respectively.
- 17.10. Where personal data is processed within the framework of the Swedish Society for Nature Conservation's licensing procedure, data will be processed in accordance with the policy of the Swedish Society for Nature Conservation. This policy can be found on the Swedish Society for Nature Conservation's website.
- 17.11. In approving these General Terms and Conditions, you consent to data being processed in accordance with the policy of the Swedish Society for Nature Conservation.

18 Notices

- 18.1. All notices regarding the Licence and the Licence Terms and Conditions shall be in writing and be sent to the other party. The Licence Holder is responsible for ensuring that all the contact details are correct and must promptly notify the Swedish Society for Nature Conservation of any changes or updates to such details.
- 18.2. Notices may be given by:
 - a) messenger. If it can be shown that delivery has taken place, the notice shall be deemed to

have been received by the other party at the time of delivery; or

b) registered letter. The notice shall be deemed to have been received by the other party no later than ten (10) days after it was sent, or

c) e-mail. The notice shall then be deemed to have been received by the other party once it has been sent.

- 18.3. Notices may be given by other means if it can be shown that the other party has received the notice or if receipt is confirmed by the other party.

19 Transfer

A Licence may not be transferred without the written consent of the Swedish Society for Nature Conservation.

20 Requests to re-examine a decision

If the Swedish Society for Nature Conservation does not grant a Licence or if a Licence is terminated, the Licence Holder can choose to request re-examination of the Swedish Society for Nature Conservation's decision by the national board of the Swedish Society for Nature Conservation.

Any request for re-examination must be made in writing and must reach the Swedish Society for Nature Conservation no later than thirty (30) days after the original decision was

received by the Licence Holder. The request shall state which decision is to be re-examined, the change to the decision that is requested, and the factual grounds for the request.

If a request is made to re-examine a decision taken by the Swedish Society for Nature Conservation to terminate a Licence with immediate effect in accordance with clause 10 above, the original decision of the Swedish Society for Nature Conservation will remain valid until the national board of the Swedish Society for Nature Conservation decides whether to change this decision.

21 Disputes

Swedish law shall apply in the event of disputes regarding the interpretation or the application of the Licence Terms and Conditions, the Licence and legal relationships related thereto. The proceedings shall take place at a general court in Stockholm, Sweden.

If the Licence Holder is registered in the Nordic countries, i.e. Sweden, Norway, Finland, Denmark or Iceland, any such dispute shall be finally settled by a general court in Stockholm.

If the Licence Holder is registered outside of the Nordic countries, any such dispute shall be finally settled by arbitration in accordance with the Rules for Expedited Arbitrations of the Arbitration Institute of the Stockholm Chamber of Commerce. The seat of arbitration shall be Stockholm. The language to be used in the arbitral proceedings shall be Swedish.

SPECIAL TERMS AND CONDITIONS

09.09.2020

1 Introduction

These Special Terms and Conditions, together with the General Terms and Conditions 01.03.2018, form the Licence Terms and Conditions that govern the use of Good Environmental Choice for Passenger Transport.

2 Definitions

Please note that the definitions given in the General Terms and Conditions 01.03.2018 also apply for these Special Terms and Conditions, with the addition of the following definitions:

Fuel: for example, electrical energy, gas, ethanol, petrol, RME and diesel to drive the vehicle.

Vehicle: here refers to all means of transport, including vessels.

Vehicle Fleet: refers to all the vehicles used by the Licence Holder or its subcontractors to provide the Service.

Mode of Transport: examples include tram, train, underground, bus and vessel.

Means of Transport: refers here to bike sharing, car sharing, taxis, coaches, local and region bus services, rail transport and vessels.

Kilometre: here refers to the number of kilometres travelled as part of the Service.

Passengers: here refers to the number of people who travel by the Service in question. The captain and other staff on board should not be counted in the calculation.

Passenger Kilometre: is the measure of passenger transport work, i.e. the total number of kilometres that the passengers travel in a vehicle. All passengers should be included in the number, whether or not they have paid/been registered. The driver and any other staff on board should not be counted in the calculation.

The Service: refers to the transport service stated in the Application and for which the Licence Holder is seeking a Licence. In the Application, the Service is to meet the definition of the Product in the General Terms and Conditions.

3 Service

3.1 In the Application, the Licence Holder shall state all the Means of Transport and geographical area to be covered by the Licence and the name by which the Service will be marketed and sold.

3.2 The Licence Holder shall ensure that the Service meets the Criteria as calculated on a calendar year basis.

3.3 When marketed with reference to Good Environmental Choice, the Swedish Society for Nature Conservation or the Licence, the Service may only be marketed under the names registered with and approved by the Swedish Society for Nature Conservation.

3.4 The Licence Holder must not change the Service such that it deviates from the description stated in the Application, risking non-compliance with the requirements in the Criteria, without obtaining written approval in advance from the Swedish Society for Nature Conservation.

4 Fees and payment procedures

4.1 The Licence Holder shall pay to the Swedish Society for Nature Conservation a non-refundable Application Fee of the following amount, depending on the Means of Transport included in the Application:

4.1.1 For bike sharing: SEK 3 000 plus SEK 1 000 if electric bikes are included.

4.1.2 For car sharing and vehicle pools that include cars: SEK 5 000 plus SEK 2 000 per type of Fuel included in the Application.

4.1.3 For travel by bus, rail and vessel: SEK 5 000 plus SEK 2 000 per type of transport and an additional SEK 2 000 per type of Fuel included in the Application.

4.1.4 A Licence Holder who is applying for a Licence for multiple Means of Transport shall pay only one of the Application Fees stated above. If the Application Fee differs for the different Means of Transport, the highest Application Fee shall be paid.

4.2 The Licence Holder shall pay to the Swedish Society for Nature Conservation a fixed Licence Fee and a variable Licence Fee. The fee amounts depend on the Means of Transport included in the Licence and are set out in the following points:

4.2.1 For bike sharing, car sharing and taxis: A fixed fee of SEK 5 000 plus

a) SEK 0.001 per Kilometre, up to 1 million Kilometres, included in the Service per calendar year, and

- b) SEK 0.0005 per Kilometre for each Kilometre over 1 million included in the Service per calendar year.
- 4.2.2 For rail and bus transport: A fixed fee of SEK 6 000 plus
- a) SEK 0.0001 per Passenger Kilometre, up to 1 billion Passenger Kilometres, included in the Service per calendar year, and
- b) SEK 0.00007 per Passenger Kilometre for each Passenger Kilometre over 1 billion included in the Service per calendar year.
- 4.2.3 For vessels: A fixed fee of SEK 6 000 plus
- a) SEK 0.03 per Passenger, up to 1 million, included in the Service per calendar year, and
- b) SEK 0.015 per Passenger for each Passenger over 1 million included in the Service per calendar year.
- 4.2.4 Licence Holders with a Licence for multiple Means of Transport shall only pay one of the fixed Licence Fees plus the variable Licence Fee stated in the points above for each Means of Transport. If the fixed Application Fee differs for the different Means of Transport, the highest Application Fee shall be paid.
- 4.3 The Licence Fee for the first calendar year is based on the data for the calculated number of Passenger Kilometres, Kilometres and Passengers that the licence holder has stated in the Application. Licence Fees for subsequent years are based on the latest approved Inspection or on a forecast from the Licence Holder. If the Inspection shows that the actual Licence Fee differs from the amount paid by the Licence Holder, this shall be adjusted between the parties as quickly as possible.
- 4.4 On notification of changes to the Licence, the Licence Holder shall pay the following fees to the Swedish Society for Nature Conservation:
- a) a fee of SEK 2 000 for each additional Means of Transport or Fuel to be covered by the Licence,
- b) SEK 800 per hour, with a minimum payment of SEK 1 200, for other work on assessing changes to the Licence.
- 4.5 Where a Licence Holder wishes to apply for an additional Licence for the same Mode of Transport that provides passenger transport, for example Good Environmental Choice Courier Transport (Light Goods), the following applies:
- a) If Applications for two different Licences are submitted at the same time, only one of the two Application Fees shall be paid. If the two fees differ, the highest fee shall be paid.
- b) If the Application for an additional Licence is submitted at a later date, half the Licence Fee is to be paid for this.
- c) The annual Licence Fee for both licences will be reduced by 25 percent.
- 4.6 The Swedish Society for Nature Conservation will invoice for the fees specified in this point 4 as follows:
- 4.6.1 the Application Fee will be invoiced by the Swedish Society for Nature Conservation when the Application reaches the Swedish Society for Nature Conservation,
- 4.6.2 the first Licence Fee will be invoiced by the Swedish Society for Nature Conservation when the Licence has been approved and will be calculated on the basis of the number of days remaining in the current year,
- 4.6.3 subsequent Licence Fees will be invoiced by the Swedish Society for Nature Conservation annually in advance, and
- 4.6.4 amendment fees and other administrative fees will be invoiced by the Swedish Society for Nature Conservation in arrears.

5 Inspection

- 5.1 The Licence Holder is responsible for ensuring that the Inspection accurately reports the number of Passenger Kilometres, Kilometres and Passengers, as well as stating which Means of Transport and Fuels have been used by the Service.
- 5.2 As part of the Inspection, and at their own cost, the Licence Holder is responsible for providing the Swedish Society for Nature Conservation with information requested in order to ensure that the Licence Holder is abiding by the Licence Terms.

6 Labelling and Marketing rules

- 6.1 The Good Environmental Choice label shall always be clearly visible on the vehicles that are part of the Service, in line with the requirement on labelling of the Service as set out in point 6.5 of the General Terms and Conditions 01.03.2018.
- 6.2 The right to label vehicles in accordance with point 6.1 does not apply to long-distance buses that do not comply with emission class Euro 6 or better.
- 6.3 The right to label vehicles in accordance with point 6.1 applies only to those vehicles that are part of the labelled transport service, not work or service vehicles.
- 6.4 Vehicles used on lines or routes other than those covered by the licence are not permitted to carry the Good Environmental Choice label or in any other way be labelled or marketed with Good Environmental Choice or with reference to the Licence.
- 6.5 If not all of the Licence Holder's transport services are included in the ecolabelling, the

service or services that are ecolabelled must be clearly distinguishable from the other transport activities that they provide.

- 6.6 Licence Holders that provide multiple Means of Transport, not all of which are included in the Licence, must make clear in their

communications which Means of Transport are covered by the Licence. It could, for example be expressed as follows: “our car pool journeys carry the Good Environmental Choice ecolabel” or “our journeys by tram and bus carry the Good Environmental Choice ecolabel”
