

Materials from wood, plants and animals Not included Included → Materials do not come from endangered species of plants and are not listed with CITES or IUCN Leather/ fur is from animals reared for meat production Feathers/ down are from birds reared for meat production Feathers/ down have not been plucked from live birds **Documentation** verifying the above *is attached***Accessories do not contain the following banned substances**

A tick in the boxes below verifies that the substances are not included in the material.

 PVC, Polyvinyl chloride Phthalates Halogenated organic compounds Perfluorinated organic compounds

(Members of the group of halogenated organic compounds, but here specifically identified.)

 Documentation verifying the above *is attached***Metallic materials** Not included Included → Do not consist of chromium Arsenic content does not exceed 0.2 mg/kg Lead content does not exceed 0.2 mg/kg Cadmium content does not exceed 0.1 mg/kg Mercury content does not exceed 0.02 mg/kg Nickel content does not exceed 1 mg/kg **Documentation** verifying the above *is attached*

D2 Padding materials of natural origin (Section 4.2)**Padding materials** Not included Included → Padding materials are not from endangered plant species Feathers/down are from birds reared for meat production Feathers/down have not been plucked from live birds **Documentation** verifying the above *is attached***D3 Membrane, film, foil, film transfer print, foam etc** (Section 4.3)**Membrane, film, transfer print, foam, etc.** Not included Included →

Type of material layer:

Function of material layer:

Commercial name:

Supplier:

 Material layer is already approved by Good Environmental Choice Textiles

Licence No:

Licensee:

 Material layer is laminated with adhesive that is approved by Good Environmental Choice Textiles

Degree of coverage: _____%

 Film transfer printSize _____ Weight _____ g/m² The combined weight of polyurethane fibres, material layers and adhesives etc in the fabric does not exceed 25 g/m²State weight: _____ g/m²

D4 Backing materials (Sections 4.4, 6.9.4)**Backing materials** Not included Included →

Type(s) of material contained in the product's backing materials:

Commercial name (if available):

Supplier:

 Material has been approved by Good Environmental Choice Textiles. Material will be assessed for Good Environmental Choice Textiles. *Documentation is attached.* Material consists of 100 % FSC-certified caoutchouc (natural rubber). *Certificate is attached.* Contains polymers other than caoutchouc alone. Complementary *documentation is attached.* *Part F*(Chemicals) *is attached.***D5 Other materials****Other materials** Not included Included →

Type(s) of material:

Usage:

Commercial name (if available):

Supplier:

 Material has been approved by Good Environmental Choice Textiles.

Licence No:

Licensee:

 Material will be assessed for Good Environmental Choice Textiles. *Documentation is attached.*

Responsible contact person below verifies that information in Part D is valid for the given product/product group.
