

J1.1 Additional requirements for Good Environmental Choice Class I based on GOTS-certified production

The company applying for license for Good Environmental Choice (Bra Miljöval) shall before Part J1.1 is sent to the production unit, enter their own company name and the name of the product/product group the material(s) is related to.

Name of the company applying for license
--

Name of product/product group concerned by the below information
--

Part J1.1 is filled in by the production unit that holds GOTS certificate for the product/product group.

The Licensee shall attach requested certificates and other documentation.

By request of the Swedish Society for Nature Conservation the production unit must be prepared to provide documentation that verifies the information stated in Part J1.1.

Materials contained in the licensed product/product group must satisfy the requirements specified in the criteria for Good Environmental Choice - Textiles 2012. This text is a translation. The Swedish version always prevails.

References are to sections of the Criterion document.

J1.1.1 GOTS certificate (Section 9.1)

License holder GOTS

The GOTS certificate is issued for the following processes:

License holder:

Country:

License number:

Certified according to version:

GOTS-certificate is attached

The Production unit agrees to regularly submit a new certificate to the Licensee to be forward to the Swedish Society for Nature Conservation when the current expiry

The product/product group is GOTS certified, which will be verified with transaction certificates (TC).

The product/product group is GOTS certified, which will be verified with other documentation than transaction certificates (TC).

J1.1.2 Additional requirements (Class I) for textile chemicals and dyes (Section 9.2)

Section 5.1.2

No textile chemicals and dyes contain substances or chemical compounds with hazard statements / phrases R50/H400, R54, R55, R56, R58 and R59/EUH059

Section 5.1.3

No substances or compounds with toxicity (LC50 or EC50) <1 mg / l are included

No substances or compounds with toxicity 1-100 mg/l are included

No substances or compounds with toxicity 1-100 mg/l are included

Section 5.1.4

No chemicals and compounds classified with one or more of hazard statements/ phrases R53/H413 and R52/R53/H412 are included

No chemicals and compounds classified with one or more of hazard statements/ phrases R53/H413 and R52/R53/H412 are included

Allergenic disperse dyes, section 6.6.5

No disperse dyes that are classified with R42/H334 or R43/H317 are included

Part J1.1.2.1 (Additional requirements for GOTS – Textile chemicals and dyes) *is attached* for all chemicals and dyes used in the wet processing of the product / product group.

J1.1.3 Additional requirements (Class I) regarding wet processing (Section 9.2.5)

Mercerization, section 6.5

Mercerization is not a part of the processing

Mercerization is a part of the processing. **Part G** *is attached*

Printing, section 6.8

- Printing is not included in the processing
- Printing of fabric in full width in the preparation.
 - Part G is attached*
- Printing is performed on product
 - Part G is attached*
 - Part H is attached*

Optical brighteners, section 6.9.1

- No optical brighteners for cellulose are used in the processing

J1.1.4 Additional requirements (Class I) regarding wastewater (Section 9.2.6)**Waste water treatment, section 7.2.6**

- Phosphorus content in treated waste water is no higher than 0.5 g/kg fibre and year (in OECD-countries)

State value:

- Waste water treatment plant receives waste water from several sources. Phosphorus content has been reduced by at least 90% in the treated waste water

Phosphorus content prior to treatment:

Phosphorus content after treatment:

Reduction of phosphorus (%)

- Phosphorus content in treated waste water is higher than 0.5 g/kg fibre and year.
- Redfield-quota (quota of nitrogen:phosphorus) in the recipient is less than 16.

Responsible person from production unit, below verifies that the information in part Del J1.1 is valid for licensed product/product group.

Date and signature of responsible person at the production unit
Name (print)
Position
Telephone number
E-mail address

The completed form with signature can be scanned and sent
