

## Parts in the application

Tick in the boxes below which parts are included in the application. The boxes represent physical documents. Only some areas have underlying documents.

- A** Information about product/product group
- B** Overview of contents of product/product group
- C** Fibers and fiber production
  - C1** Fibers of cellulose
    - C1.1** Bast fibers
    - C1.2** Regenerated cellulose fibers
  - C2** Fibers of wool and other protein based fibers
  - C3** Fibers from recycled material (D3.1 must be included for synthetic fibers)
    - C3.1** Fibers from recycled material
  - C4** Polyurethane fibers (D3.1 must be included)
- D** Other materials, not fibers
  - D3.1** Synthetic polymers for material layers and fibers
- E** Wet processing – Recipes
- F** Textile chemicals and dyes
  - F2.1** Generally banned substances
- G** Wet processing including specific processing steps
- H** Print on product
- I** Re-used textile products – Second hand and Re-design
- J** Good Environmental Choice based on GOTS
  - J1.1** Additional requirements for GOTS – Finishing Good Environmental Choice Class I
    - J1.1.2.1.1** Additional requirements for GOTS – Textile chemicals and dyes
- K** Corporate requirements, requirements on end products and packaging
- L** Waste water
- M** Good Environmental Choice Class II based on GOTS
- N** Good Environmental Choice Class II based on GOTS Production unit
